Chronicles of The Great War Volume 1

****Hey guys this story is based off of a machinima series called ATHOS, made by Mark VI Productions on YouTube. Hope you enjoy, note: this is my timeline, where human colonization started earlier, and thus isn't related to Halo Canon.****

****Note: I've changed the name to Chronicles of The Great War, based off of The Great War.****

Grand Age of Human Colonization:

February 6th, 2074: Luna is colonized by the UN; the Luna Confederated States are founded by the colonists. The United Earth Government is founded as a way to administrate human colonies in the Sol system.

October 17th, 2075: Mars is colonized by the UN. The Federal Republics of Mars is founded by the colonists.

May 6th, 2081: The Jovian Moons are colonized by the UN. The Union of the Jovian Moons are founded by the colonists.

November 4th, 2089: Titan is colonized by the UN. The Republic of Titan City is founded by the colonists.

2160: Interplanetary Wars begin, with attacks on UN Colonial Advisers on Io by the members of the neo-Nazi political party the Frieden

movement with support from the Unified German Republic (a separatist movement made up of , five weeks later the Koslovics (a hegemony of ex-Soviet members) launch an invasion of Mars, sending the coalition government of Mars is sent into exile. The Workers' Federation of Mars is established as a puppet state.

May 7th, 2170: End of the Interplanetary Wars. The former Koslovic Empire and the Unified German Republics are dissolved with the Treaty of Callisto. The Federal Republic of Germany is reunited with eastern Germany, and countries annexed by the Unified German Republics and the Koslovic Empire regain their independence.

July 4th, 2170: Founding of the United Nations of Earth and Her Colonies: The Federal Charter of Earth and Her Colonies is signed as the Secretariat elections are held and the prime candidates are former Allied Supreme Commander: General Zachary Cross and Victoria O'Connor.

November 6th, 2170: The former Allied Supreme Commander Zachary Cross is elected and sworn in as the 43rd Secretary-General of the United Nations who holds 23 years in office in order to rebuild Earth and the Sol system colonies.

May 17th, 2191: Tobias Shaw and Wallace Fujikawa (the future Secretary-General of the United Nations) invents the Shaw-Fujikawa Trans-Light Engine, allowing faster-than-light "Slipspace" travel. President Cross awards them both with the Noble Peace Prize.

October 9th, 2193: Zachary Cross passes away after a heart attack (He was 76 years old) Elections are held for his successor.

November 6th, 2193: Wallace Fujikawa is elected as the 44 Secretary-General of the United Nations, five days later, the Fujikawa Administration establishes Project: ODYSSEY

December 14th, 2193: As a part of Project: ODYSSEY the UNSC uses small teams of men and women to terraform planets within the Goldilocks Zone. UNSC Destroyers, Frigates, and Cruisers are sent to defend these planets.

2210-2268 (March 7th, 2210): Extra-Sol colonization begins. The _Odyssey_-class colony ship is unveiled, many of the UN's citizens join the colonization program, overpopulation issues have been dealt with. The Core Systems are founded. Humanity colonizes it's first garden world; the planet of Gamma Centauri III and is renamed New Harmony. The Core Systems become the center of industry and economics with the Republic of Sargasso becoming the capital of the Core Systems. Mars becomes the headquarters of Core Systems Forces Command.

2310-2329 (July 23th, 2310): _Explorer_-class colony ship is unveiled. Second wave of human colonization begins, Reach is colonized by immigrants from the United Republic of North America, United Kingdom of Great Britain and Northern Ireland, and the eastern European countries of Austria, Hungary, and Russia. The two-hundred-and-ten Inner-Rim Colonies are founded and like the Core Systems are founded as centers of the industrial and economic complex with the Republic of Terra Nova becoming the capital of the Inner Colonies. The United Commonwealth of Reach is founded and becomes the primary headquarters of Inner Colonies Forces Command.

2347-2364: Third wave of human colonization begins. The two-hundred-and-sixty-eight planets of the Mid-Rim Colonies are founded as the industrial and agricultural centers with the Daramir Settlements becoming the capital of the Mid-Rim Colonies. The Republic of the Altair System is founded as the headquarters of Middle Colonies Forces Command. The Colonial Administration Authority is founded to administrate the colonies.

2378-92: The Inner Colony Wars begin with the Confederacy of the United Systems, the Republic of Sephora, and the Federation of the Culan Sector demanding independence from Earth and Her Colonies.

October 4th, 2392: After nearly two decades of civil war ends with the Treaty of Berlin is signed by the Secretary-General of the United Nations Martin Louis, President of the Confederacy Amelia Stanford, Prime Minister of the Republic Edmund Blake, and President of the Culan Sector Maria Ramos, the three factions are officially established as autonomous regions by the United Nations.

2399-2475: Fourth and Fifth waves of human colonization begins. The Outer-Rim Colonies are established, among the Outer Colonies' economy is agricultural and mining centers; few industrialized colonies are founded as well. The Republic of Iota Eridanus II is founded as the capital of the Outer Colonies; the Commonwealth of London II is founded as the headquarters of Outer Colonies Forces Command. The Outer-Rim colony of the Parliamentary Republic of Harvest is also founded in 2468, the Federation of Chorus is founded in 2471. The Frontier Worlds are established, with economy was in ways similar to the Outer Colonies; the Republic of New Arcadia is established as the capital of these frontier colonies, with the nearby planets Midway and Pearl becoming the headquarters of Frontier Worlds Forces Command.

2490: The territory of the United Nations encompasses over 800 human colony worlds, 572 of them are incorporated, but all is not well in UN Space. The Colonial Administration Authority has become increasingly corrupt due to many companies influencing it's policies, and is oppressing the populations of the unincorporated colonies that they have been assigned, with brutal efficiency.

March 23rd, 2490: In 2490, the infant United Revolutionary Front executes a coup d'etat against the colonial government of Far Isle. They execute pro-CAA and corporate members of the government. URF leader Anthony Makarios installs known anti-Earth politician Khalid Al-Assad as the 'rightful' President of Far Isle and declares Far Isle independent.

July 16th, 2490: The URF's propaganda wing starts alienating the planet's population against not just the CAA and CMA, but also the federal union of Earth and Her Colonies and the UNSC. Current Secretary-General of the United Nations: James Sheffield orders the UNSC to retake the colony. The stage is set for one of the most brutal conflicts in galactic history.

The Insurrection and the Great War: 2492-2553

April 3rd, 2490: UNSC Sixteenth Fleet arrives in-system and lands troops in an attempt to retake colony. Elsewhere rogue and extremist

elements within ONI plot to destroy the colony.

October 25th, 2492: Efforts to take the planet by force fail. The United Nations Congressional Assembly and UNSC High Command prepare to send diplomats to discuss with Far Isle's leaders about having Far Isle become an autonomous colony.

October 30th, 2492: Rouge ONI groups falsifies a transmission from Secretary-General Sheffield, that tells Fleet Admiral Erickson to use nuclear weapons on the planet, which he does without hesitation, most of the population is killed but the rest escape, in the aftermath of the destruction of their homeworld the URF leadership makes the discovery that it was a rogue group within ONI. FADM Erickson is convicted of war crimes and sentenced to Life in Prison and President Sheffield is framed by ONI and subsequently impeached.

2494: The Insurrection begins. Rebellion and Civil War erupts between the United Nations and factions known only as the Insurrectionists.
